About us

Scientex Conferences provide a global platform for exchanging ideas and keeps on updating about the latest innovations in different Subjects. Opportunity to attend the presentations delivered by eminent Scientists from all over the world. Global networking: In transferring and exchanging Ideas. A Unique Opportunity for Advertisers and Sponsors at this International event. We present you team of dedicated minds driven by the thought of gathering together the people of alike objected to an exclusive platform. Science brings forward the art of molding the experience and the experiments into a reality. These assembling realities, eventually, give birth to the various fields all together comprise a world get known as science, technology, and advancement. Scientific Meet Icon conference acts a dais where people from various parts of the world come together and discuss topics, ranging from physics to medicine, ever beneficial to an advancement of the human civilization. Alongside, the news and views get exchanged among the personnel across the globe. Scientific Meet Icon strives toward evolving a resource of information, unprecedented problems as well as their solutions such that it enhances the very core of the scientific community thus adding values to human society. Come. Join us! View the substantial minds talk their cut- through researches at the Scientific Meet Icon conferences. Well organized scientific program. [\(click here for more\)](#)

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

Conference and Webinar Details

About Conference

Scientex Conferences takes immense pleasure to invite all the researchers and scientists from all over the world to join “**2nd International Conference on Pediatrics and Healthcare**” which is going to be held on **May 13-14, 2024** in **Bangkok, Thailand**.

The global congress will be based on the theme “***The Universal Approach for the Excellence in Pediatric Research***” which aims to learn more about pediatrics and related research.

The two-day conference includes keynote presentations from some of the top academics in the field along with oral and poster presentations. As well as ensuring that the results of this study are easily accessible for better policymaking, it will aid in the development of comparative research on infants and children. It's a great opportunity for specialists in child development and other fields to connect with one another, highlight latest findings, and provide treatments for various ailments affecting children.

We are delighted to get to know each other and look forward to the great **Pediatrics 2024 conference**, which can be attended remotely or in **Bangkok, Thailand**. ([click here for more](#))

About Webinar

The **2nd International Webinar on Pediatrics and Healthcare** during **May 23-24, 2024**. The event will include keynote presentations, plenary oral talks, poster and video presentations.

This conference major goal is to bring pediatricians, healthcare workers, child development specialists, and other experts together to share knowledge and ideas across disciplines to promote interdisciplinary cooperation in clinical practice and research.

From the comfort of your home or workplace, this will be your finest opportunity to connect with and share your research with world-renowned pediatricians, medical experts, and child health specialists. ([click here for more](#))

- Healthcare and Midwifery
- Pediatric Healthcare
- Preventive Medicine and Community Health
- Clinical case study of Pediatric and Healthcare

About Venue

GRAND MERCURE
HOTELS AND RESORTS

GRAND MERCURE BANGKOK ATRIUM,
1880 New Phetchaburi Road, Bang Kapi,
Huai Khwang, 10310 Bangkok, Thailand

Conveniently located close to Suvarnabhumi Airport, Grand Mercure Bangkok Atrium is located in the heart of the city with easy access to the best of Bangkok, whether for business or pleasure. Strategically located in Bangkok's commercial and retail area, New Phetchaburi Road, the Grand Mercure Bangkok Atrium makes an ideal base for both the business and leisure guests. It is just minutes away from a choice of superb shopping centre, the Thailand Cultural Centre, Queen Sirikit National Convention Centre, Bangkok International Hospital, several embassies and the underground rail system. A dedicated Executive Floor and Avani Executive Lounge, superbly delicious dining options and elegantly appointed accommodation, whether in town for work or play, hotel attentive service and first-rate facilities will ensure that you make the most of your Bangkok experience.

About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. [\(click here for more\)](#)

Testimonials

Feedback

Sagira Abdrakhmanova
Kazakhstan

We express our deep gratitude to the organizers of the conference for a rich and fruitful program, its high professional level and relevance of the topics of reports. Each speaker shared his experience and knowledge. At the conference, reports were made on topical issues of Gynecology and Pediatrics. We are very happy to share the knowledge gained at the conference with colleagues and students. Thank you for the opportunity to interact with colleagues. We look forward to continuing our cooperation. I wish you success!

Karine Avetisyan
Russian Federation

I thank the organizers of the conference for the opportunity to participate in such an important event and visit beautiful Dubai. Only by exchanging experience, knowledge, we can achieve the best results in the provision of medical care. The format of the event was very interesting. Gynecology is a particularly important part of medicine and is especially important for children. Very interesting reports were presented. All speakers were well prepared and tried very hard. I talked about congenital ichthyosis and was extremely happy to share our experience of understanding and treating children with such a severe and orphan disease.

Eric Edwin Yuliantara
Indonesia

Dr. Eric would like to express sincere appreciation for organizing such an incredible conference. The event was truly remarkable, and he is grateful for the opportunity to have been a part of it. The selection of speakers was outstanding, and the topics covered were highly relevant. The schedule was well-planned, allowing for seamless session transitions and ample networking opportunities. Such an event would greatly facilitate the establishment of meaningful partnerships and collaborative projects, thereby enhancing the overall conference experience. Dr Eric also expressed his keen interest in being actively involved in the next conference. Thank you once again for your dedication and hard work.

Elena Stezhkina
Russian Federation

Many thanks to everyone for the opportunity to attend the conference dedicated to the health of women and children and to hear very valuable information for me. I am also grateful for the opportunity to present my own clinical case in the form of a complex case - Peitz-Jaegers Syndrome. Holding a conference of this format, where we were able to exchange opinions in a friendly atmosphere, I think is the best option. Special thanks to the organizers for their help, patience, pleasant communication, which made our stay in Dubai unforgettable. With respect, appreciation and hope to see you again.

Madara S B Ralapanawe
UK

The conference was great and well organised. All the organising committee members were very supportive and helpful. I greatly appreciate it for giving me an opportunity to present my abstract. There was very valuable knowledge from the other abstract too.

Testimonials

Feedback

Ahmad Abul-Ainine
KSA

Thank you very much Scientex Conferences for organizing this wonderful meeting and session over two days. And it was a good mix between pediatrics and obstetrics and the gynecology, and it was very informative. We are hoping that you organize similar things in the future and I appreciate if you organize with a way that things which is more in public interest comes first. So, the action and the intervention and the consultations will be more fruitful in. Thank you very much for this.

Tropina Elena Pavlovna
Russian Federation

The conference is well organized. It is valuable to get acquainted with colleagues, to continue cooperation with them. It is extremely pleasant to receive a certificate and a prize! Thank you for the invitation! Buda is very happy if my presence and performance will be interesting at the next events! Thank you! Everything was wonderful!

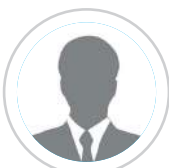

Shaila Siraj
USA

I was really grateful to have the opportunity to be invited here to the Scientex conferences to present my research on high flow nasal cannula. I really appreciated learning all of the different material from all parts of the world with physicians who have had many years of experience. And thank you all very much for having me.

Hana AlSumri
Oman

I was delighted to take part in the first scientific conference. We had a nice platform where we have exchanged information with a big group of expertise from all over the world. Thank you again for this opportunity and wishing you all the best.

Zdzislaw Michal Zawilski
Poland

Thank You very much for projecting and conducting the Conference. It was big pleasure and honour for me to take part in this event, especially to have a lecture as a speaker. I hope, that in future you will organize similar events and meetings. Most of the lectures were interesting. For me, the most valuable were those about: autism, new approaches in atopic dermatitis treatment, reaction post-MMRV vaccination, early schizophrenia onset, occurrence of obesity in children in Croatia, as well as marijuana abusing effects in Chile etc. I hope that my presentation about somatisation was interesting and give some inspiration for the audience to deal with this topic.
