

ANZCA CPD EMERGENCY RESPONSE SERIES

# Advanced Life Support

3

CPD HOURS

**Suitable for** Anaesthesia trainees, Anaesthesia consultants, GP anaesthetists, Anaesthesia nurses, Anaesthesia technicians

**2019 dates** All dates 1330-1630hrs:  

- Wednesday, 13 March
- Wednesday, 29 May

Additional dates to follow

## Aim

To provide a refresher in the management of peri-operative cardiac arrest

## Outline

This half day simulation-based hands on course focuses on the management of cardiac arrest in the peri-operative setting. Using a combination of facilitated discussions and simulations, participants will develop and practise the skills, knowledge and attitudes required to manage a perioperative cardiac arrest. This course promotes a team-based approach and anaesthesia assistants are encouraged to attend with their medical colleagues.

The session will satisfy the ANZCA CPD program requirements for emergency response ALS, and the course is suitable for ANZCA trainees who need to complete an ALS course.

## Content

Topics include:

- ALS algorithm refresher, including management of shockable and non-shockable rhythms
- Team response to cardiac arrest

## Prerequisites

Nil

## CPD

Participants in the ANZCA CPD Program may claim this ALS course as an emergency response activity in their CPD portfolio. Further information about the ANZCA CPD Program can be found on the College website [www.anzca.edu.au](http://www.anzca.edu.au)

## Cost (includes GST)

### Trainees

Trainees on NSW Northern Rotation Scheme \$95\*  
 Trainees other rotations \$520

### Nursing staff & anaesthesia technicians

HNE Health \$95  
 Other \$225

### Consultants

HNE Health (incl. VMO) \$660\*  
 Other \$795

\* Subsidised by JHH Department of Anaesthesia
