

## **Process Communication Modelling – Seminar 1. Core Topics.**

Hotel Indigo Adelaide Markets

23-29 Market St, Adelaide SA 5000

May 19 to 21, 2021 (Wednesday to Friday).

Time: 8.30 am to 4.30 pm

Have you ever experienced difficulty in getting your message across? Are there people you find difficult communicating with? Does this impact on patient safety?

Process Communication Modelling is the brainchild of Dr Taibi Kahler. In Seminar One, we look at aspects of the personalities in us and how we perceive and interact with the world. Over three days, you will gain skills in observing and decoding behaviour. These are lifelong skills that you will begin to use right away!

You will receive an invitation to complete a questionnaire before the course. This will generate your personalised Personality Profile Inventory (PPI).

All materials, morning tea, lunch and afternoon tea are provided.

The training is recommended for anyone who manages people. The skills have impact both personally and professionally.

Cost: AUD 2240 (including GST). CPD: ANZCA, RACS, RACOG, NZGP.

Trainer: Liz Chye FANZCA
