24 – 25 June 2022
Newcastle NSW Australia
HYBRID EVENT

CONTACT

Conference Secretariat
Suite 312/1 Bryant Drive,
Tuggerah NSW 2259
Tel: (02) 4319 8519
Email: info@thenac.com.au
Web: www.thenac.com.au

VENUE

The conference will be held at Quality Hotel NOAH'S On the Beach Newcastle which is located opposite the spectacular Newcastle Beach, Newcastle's most renowned surf and swim beach, and in the heart of the Newcastle East heritage precinct.

Newcastle's Central Business District, entertainment venues, Newcastle Harbour and the stunning Honeysuckle foreshore are all only a short walk or ride on the new light rail system from Quality Hotel NOAH'S On the Beach Newcastle.

GETTING THERE

Newcastle is an easy 2-hour drive from Sydney or 2.5 hours by rail. Alternatively, there are daily direct flights into Newcastle Airport available from Sydney, Brisbane, Melbourne, Gold Coast and Canberra. Newcastle Airport is only a 30-minute drive from the CBD.

INVITATION TO ATTEND

Following on from the success of the previous four biennial meetings of theNAC, it is with the great pleasure the organising committee invites you to join us at the fifth conference in beautiful Newcastle in 2022. The theme for theNAC 2022 is:

Future Directions in Anaesthesia
Sustainability and perioperative medicine

TOPICS TO BE COVERED

Through a variety of formats including plenary sessions, posters, CPD emergency response sessions, PBL's (practice-based learning) and interactive workshops, we will cover the following topics;

- Environmental Sustainability
- Perioperative Medicine & Resuscitation
- Anaesthesia in the Cath Lab
- Paediatric Transfusion Management
- Patients with Unstable Diabetes
- A "difficult" labour epidural

CPD EMERGENCY RESPONSE SESSIONS

As part of the conference we will be offering CICO and ALS CPD emergency response sessions as recognised by ANZCA CPD.

FEATURED WORKSHOPS

- Regional Anaesthesia Ultrasound Workshop
- ECHO Workshop

INVITED SPEAKERS

- **Dr Ramsay Awad** is the Executive Director of Infrastructure & Planning for Hunter New England Health, which is one of Australia's largest Health services covering the geographical area of the UK with over 80 facilities.
- **Dr Vanessa Beavis** is the president of ANZCA. She has served on many committees and has chaired the NZ National committee, the CPD committee and the Training and Accreditation committee. Until she became president in May, Vanessa was the Director of Perioperative Services at Auckland City Hospital in New Zealand.
- **A/Prof Forbes McGain** has been an anaesthetist and intensive care physician at Western Health, Melbourne, Australia since 2008. Forbes is also an Associate Professor (Medicine) at the University of Sydney, and the University of Melbourne. Forbes has been widely published on the impact of healthcare on the environment.
- **Dr Jenny Mackney** holds both an academic appointment as a lecturer in Cardiorespiratory Physiotherapy (UON) and a clinical position at JHH as a Respiratory Scientist and Clinical Physiotherapy Specialist in the perioperative service. She is a key member of the multidisciplinary team performing laboratory-based exercise testing at JHH and working to optimise functional capacity in people prior to surgery.
