Focused Cardiac Ultrasound for Anaesthesia

Date & Time 0830-1630
Monday, 24 April 2023
Monday, 9 October 2023

7
CPD HOURS

Suitable for Anaesthesia trainees and consultants, and Critical Care SRMOs. The course is designed for those with no prior echocardiogram experience or not confident to use echocardiogram in their clinical practice

Pre Requisites Nil

Location HNE Simulation Centre, John Hunter Hospital Campus

Aim

To teach a systematic approach towards focused echocardiography for anaesthetists to use when assessing a critically unstable patient.

Content

This is a full day hands on course that will help you develop skills in focused echocardiography.

The course uses a combination of:

- 1) Pre-course learning including lecture videos, course handbook, cognitive aids, reporting templates, and formative quizzes.
- 2) Course day comprising lecturettes to review knowledge and hands on experience with both volunteers and a simulator with TTE pathology. The content is based on the British Echo Society 'Level 1' Curriculum.

At the end of the course, you will have a structured approach to gaining, optimising and interpreting views required to identify major, reversible pathology in unstable patients.

Cost

(incl GST)

HNE Medical Officer Consultant, incl VMO	\$745
External Consultant	\$898
HNE Medical Officer Trainee	\$108
External Trainee	\$586
